With 34+ years of experience, our process is different than what you normally experience with a financial service company. Most brokers focus on trying to sell you products with higher rates of return, which may greatly increase your risk, and even if you lose money from market declines, they still get their fees. These products increase the broker's income but may jeopardize your future retirement.

We believe in helping you understand how we can help you make good financial decisions for your future to ensure a safe, secure, and comfortable retirement!

Our focus is to:

- 1. Increase Your Wealth**
- 2. Reduce Your Taxes**
- 3. REDUCE or ELIMINATE the NEGATIVE EFFECTS OF THE ERODING FACTORS that can ruin your financial future.**

The ERODING FACTORS Are:

- 1. Market Losses**
- 2. Outliving Your Money**
- 3. Inflation**
- 4. High Fees and/or Charges**
- 5. Death, Disability, and Taxes**

Our approach is a proven success and allows our clients to sleep at night knowing they have secured their financial future.

There are no fees or charges for our services. We are paid directly from the company!

We believe in FINANCIAL EDUCATION, so congratulations on taking the first step.

Sincerely,

James R. Grazioli – President
